

DAVID OLSON

*davidolsondesigns.com | 248.860.4896 | david.g.olson.91@gmail.com | Charlotte, North Carolina*

`<intro>`

*I am a web developer and designer with experience in front-end web development, digital design, and advertising. I aim to simplify rather than complicate. By using negative space and balance, I attempt to make my designs friendly and inviting to the eye. Less can be more. I write clean, reusable, and efficient code that enriches user experience. I am a lifelong learner, eager to expand my knowledge of web development, advertising, and the visual arts.*

`</intro>`

`<experience>`

**Visual Designer | Premier, Inc., Charlotte, North Carolina | November 2015 - Present**

*Working on the Corporate Communications team to develop branding, support sales activities, and implement design solutions. I facilitated design, web development, and strategy to help reach the best solutions.*

**Digital Designer | Mythic, Charlotte, North Carolina | May 2014 - November 2015**

*Working with the digital team to produce advertisements, websites, and emails for brands like Maaco, Meineke, Ally Bank, and UnitedHealthcare*

**Graphic Design Intern | Redhead Design Studio, Lansing, Michigan | January 2014 - May 2014**

*Assisting the design team with projects, edits, and any design related work as needed.  
Working with a creative team to complete projects in a fast paced environment*

`</experience>`

`<education>`

**Bachelors of Arts in Graphic Design | Spring Arbor University | September 2009 - June 2013**

*Minored in Advertising & Public Relations.  
Worked for Student Government Association from August 2011 until Graduation.  
Curated a Senior Exhibition in April of 2013 with 24 pieces on display.*

`</education>`

`<technical>`

*I have experience writing HTML, CSS and Sass, Javascript and jQuery, PHP, and MySQL. I am just as comfortable working on the command line as I am inside a content management tool. I've designed and built emails that have successfully tested across a myriad of devices and browsers. I have fine tuned my Gulp workflow to speed up my work and cut down on mistakes. I am constantly looking for ways to improve.*

*I am an expert in Illustrator, Photoshop, and InDesign. I have also worked in Sketch, Adobe XD, and After Effects. My work has been credited on Gold Addys Awards and featured for nomination on CSS Winner's Site of the Day.*
